

**Cure Violence Weekly Team Meeting  
Case Review & Presentation Form**

Client age \_\_\_\_\_ Male  Female  Ethnicity \_\_\_\_\_

→Go through high risk categories for clients. How many criteria do they meet and why.

How long have you worked with this client? \_\_\_\_\_

Who is supportive of them in their lives? \_\_\_\_\_

Are these people going to help them make good choices? \_\_\_\_\_

What are the client's personal strengths?

---

---

---

What are the client's greatest challenges/issues?

---

---

---

Why are they working with an outreach worker?

---

---

---

Have they progressed with the goals that were spelled out in the treatment plan? Why or why not?

---

---

---

---

Begin team discussion of the following:

1. What support do you need from the team?
2. What new goals, if any, should be added to the treatment plan?
3. Is this client receiving all of the referrals and support that would help them?

## Cure Violence Conflict Mediation Review Questions

Select mediation; provide copies of the mediation form for everyone in meeting

### Info

How did you find out about the conflict?

How did you gathering the information about it? (Are the sources credible? Are people on BS?)

How did you know you had relationship to mediate? Or did you need a third party?

### Strategy

How did you decide what type of mediation it was going to be: one-on-one, third party, bringing people together etc.

What preparation work was done? What did each person/party want out of the mediation?

How did you decide team member roles?

### Action

What did you say during the mediation?

What was the outcome of the mediation?

What has the follow-up been?

What was the hardest part of the mediation?

## Unsuccessful Mediation

Why do you think it went wrong?

Were the right people involved in the mediation process?

Was the team unbiased during the process?

Were the ground rules set?

Was enough preparation done before the mediation?

Did each side state what they wanted out of the mediation before you mediated?
